**By Parents of :: Kritagya Wadhwa**

**Class :: XII C**

**For :: Online Classes**

Good Evening Maam, I am Vandana Wadhwa mother of Kritagya Wadhwa, student of class 12 C. I would like to thank all the school authorities, honourable maam, and all the subject teachers for taking the initiative of online classes and not letting their precious and peek time go waste. I am really impressed by the ways and all the extra material being provided too. Its really helpful and a great alternative during these tough times.

Regards.

**For :: Online Classes**

Dear Mam, We really appreciate this zoom initiative to make kids not only focused towards their academics. But also guiding them how well they shall participate while at home. Teachers gave beautiful session on Suraya Namaskar, Mr singh encourage them to perform excercise while at home. But, mam as you know that there is a network issue all over the world so sometimes it was also creating a confusion in understanding about the things Which mam were saying or telling and it makes us get out of the meeting immediatly and then it connect us back to the meeting after few minutes

Respected Director ma'am, I would like to thank you and the modern technology of school for starting such a joyful activity classes and subject enriched online classes for the students who were at home in this difficult situation of lockdown. By this way student are able to keep in touch with school and can spend their time effectively. Now they can interect with the teachers and can clear their doubts. Assignment completion work is also productive task for them. It is nice initiative taken by school for physical and mental growth of the students.

I would also like to appreciate the fun filled activities and links which is sent from time to time by the teachers for the children to keep them occupied in interesting things. Thanks a lot for your efforts taken by you for our children at the time of crisis.

Good afternoon Respected director ma'am,

Thank you so much for conducting these online classes. Children feel motivated, very happy to see their friends/classmates and teacher's. My children are very excited and enjoy their each and every session. I am really thankful to the teacher's and school authorities, who are working very hard to keep our children busy in such difficult times and also they don't lack behind. Appreciate the effects taken by all the subject teacher's. Online classes are good mode of education as well as connectivity. A big thanks to all for your effort's

Thank you ma'am

Ma'am, I'm really happy and grateful that the school has started with the online classes for kids. It has brought them into a routine and they are getting to learn things which otherwise would not have been possible for parents to do. Thank you once again to the teachers who are taking pains and making efforts to normalise kids' study routine.

**By Parents of :: Suhani Jain**

**Class :: XII- C**

**For :: Online Classes**

Dear Team Manav sthali School,

I Puneet Jain Parent of Ms Suhani Jain XII-C wish to express my views to the school authorities during this tough time of Covid 19.

At the outset I wish and hope everybody connected to Manavsthali School fraternity including the management, principal, teachers, administrative and support staff and off course the students along with their families are safe and keeping good health with due precautions during this tough time of Covid 19. India and its citizens are surely going through a tough phase but Social Distancing is the only solution to over come the complete cycle of Covid 19. I am sure all this hardship will end soon, thanks to the timely decisions taken by our Government under the dynamic leadership of our most worthy PM Shri Narendra Modi Ji.

The efforts made by the teachers of Manavsthali School during this lock down to continue with the online studies of their respective students is really appreciable and commendable. I can see my daughter studying in XII-C sitting before her mobile right in the morning every day and carefully listening to her teachers specifically teaching her and her classmates. I can hear the energy and optimism with which Ms Gurpreet Kaur, Ms Ravi Kanta Jain, Ms Monika Sharma, Ms Rekha Bhandari, Ms Tanya Sagar is teaching my daughter along with her co-class mates. I am sure other teachers of other classes would be having the same zeal, energy and approach.

In the end I wish all the very best to all students of MSS, more specifically students of class Xth and XIIth who shall be appearing for their board examinations early next year.

I once again wish sound health and happiness to all MSS fraternity. Please stay safe and indoors.

**For :: Online Classes**

Dear Ma'am,

It gives us an immense pleasure to inform that the school is taking utmost care of all the students in such a crucial situation. As we step into new classes certainly we also thought of meeting our new teachers and new classrooms but considering the present circumstances although we are missing our teachers, colleagues, friends & pleasant environment of the school but needless to state that the alternate remedy adopted by the school administration and teachers does not let us feel that we are not in school as there is strong bonding build by our director Ma'am in between the teachers and students.

All teachers are very helpful, cooperative, calm and polite in imparting the knowledge through online mode.

The initiatives taken by the school authorities are highly appreciated. It would not be out of the place to thank each and every supportive staff, teachers and the administration of the school in not letting down on our academics wherein teachers are highly cooperative and extending their all help to children in coping on academics. At time of online classes we certainly do not feel as if we are not attending the classes.

Once again a big thanks to all the teachers, administration department and our Director ma'am for implementing the time base strategy.

Respected Director Ma'am and our dear teachers,  
The world is facing an extraordinary crisis, and at this critical time, we wish to express a profound sense of gratitude and solidarity to you for providing us continued learning. We are enjoying online classes – it is a different and exciting experience for us, which is in a way preparing us for future learning mechanisms as well. This pandemic has shown us how strong bond we have, and how much we care for each other. We are proud of our dedicated and professional teachers who are working so hard for us, always thinking for our well-being and academic excellence. Hope to see all my class mates and wonderful teachers soon. I am sure, by working together like this and building on our strengths, we can succeed in overcoming this pandemic and achieve our academic missions successfully. Thank you so much once again.

**For :: Online Classes**

Respected Ma'am  
We are really glad to know that the school is taking all necessary steps to teach students in this difficult time. We are inspired by your determination and we hope that students cooperate with you as well. The school is providing each and every facility including notes and study material which is a great effort. The online classes these days are interesting and fun filled. All the teachers are working really hard to make students understand the chapters. If any queries the students are also allowed to contact the teachers, which is a great help. We are really thankful to have mentors like you!

**Date :: 19 April 2020**

**By Parent of :: Suhaani Duggal**

**Class :: VIII-D**

**For :: Online Classes**

I am Suhaani Duggal of grade 8th C. Due to this lockdown and the COVID-19, I am missing my school, my friends, teachers and all the fun filled activities. Manav Sthali School is trying its full in order to make sure that their students do not miss any learning and their studies don't get affected by this current pandemic situation.

When this lockdown started, I was in grade 7 and my final exams were going on, because of the efforts of our teachers, we all students were able to get our results and start the new grade at our homes.

These online classes are a totally new experience for me, I never imagined that I could study in such circumstances also. All my subject teaches are very indulging. They always try that we students participate in every class and make sure that we understand each and every topic.

I would like to thank the teachers of Manav Sthali School to never stop teaching us students and always trying to make us a better person.

**Class :: X- C**

**For :: Online Classes**

"No breakdown can stop the education fraternity from disseminating knowledge. COVID-19 is powerless before the enthusiastic teaching fraternity who is digitally equipped and committed to continue the teaching-learning Process.

Dear ma'am

Hope you are coping well during this pandemic situation.

Shivam and Devyani both are enjoying a lot in this learning process .

I wanted to take a moment to thank all the teachers and Principal ....

Their efforts are really commendable .The way they are explaining concepts really amazing and Child centric. Each time I go through the videos I ,realised that it's not only helpful to attain information but to be honest it also teaches me a lot and brushes my concept too. Kudos to all the teachers and special thanks to The Principal of Manavsthali school.

**Date :: 30 April 2020**

**By Parent of :: GurRaunak Singh Bedi**

**Class :: X-A**

**For :: Online Classes**

Dear mam,

Nobody had predicted that we would be in a situation we are in. COVID19 spread and mandatory lockdown has created a limitation for all our kids where they cant go about their regular work and more importantly their regular activity at school.

However, the fantastic effort from Manavsthali school, its staff, teachers and principal mam have ensured that our kids are not feeling helpless during this time. They are learning at regular pace, enjoying meeting their teachers and friends (remotely though) and also participating in extra curricular activities and sports riding on the great effort by the teachers.

We all know this is not a one off. For all we know, this will become the new normal. Teachers, Students and Parents for a triangle which is together responsible for a child's development. Without teachers this triangle is incomplete and we are thankful that manavsthali teachers stood up and raised their hand to make this triangle complete during this crisis.

The classes are going very well and at a very good pace for the kids.

Please keep these classes going in some shape or form once life goes back to normal

Respected Mam,

I am father of Harshit Jaidka studying in class X-E. We are completely satisfied with the online mode of learning. Children and teachers are constantly doing hardwork to complete syllabus with the speed which would have been adapted in school. In this situation of COVID-19 panedemic we all should stay together and strong.

My regards to all the teachers who are taking initiative to teach the children and making online classes possible.

Teachers and students enters a new world of virtual lectures and worksheets as the lockdown brought about by the corona virus shuts down schools and colleges. E-learning poses a challenge to both teachers and students over technology and access, but it is keeping everyone busy with worksheets, video lectures and assignments.

Teachers are struggling to make online learning work. It is important to just embrace this new reality and work within its limitations and use the opportunities.

We are thankful to the principal and the teachers of Manav Sthali School who are working hard to teach the students. Using these platforms you are establishing a live connect with our children as well as enabling them to meet and collaborate with each other. The classes are going very well. Thanks a lot to the wonderful teachers.

Nowadays, we are dealing with the worst times one has ever encountered with, people are separated, almost everywhere there's despair, sadness, Masked and scared faces...But even in these fearful times the teachers are working effortlessly to make the future of their kids. They are taking beautiful efforts still, to bring out the best in their students. These guiders are working day and night to prepare their kids for that time when this lockdown gets over. They are taking regular online classes and preparing their syllabus, making test papers and making sure that the students learn the best and not a slightest difference should occur in their academic progression. We parents are grateful for their efforts towards are kids and really appreciate this, coz these difficult times aren't hampering our kids's studies...all thanks to these professors.

Dear mam,

Thanks to the school for bringing this great opportunity for my ward for increasing his knowledge. He enjoyed the session and was very happy to know new things around us. The work for teachers and school should be appreciated. I request you to bring more knowledgeable sessions for all children's. Thank you

**Date :: 20 May 2020**

**By Parents of :: Aditi**

**Class :: X C**

**For :: Chemistry Workshop**

Well, this was the best learning experience for me as I learned loads with the professor....she told us end no. Of things regarding "Chemistry in our daily life"....I got to know that we start using chemistry from the moment we wake up in the morning...using our toothbrush, whose Brussels are a polymer of nylon...or using shampoo which includes DiSodium EDTA....I am extremely delighted to have been a part of this seminar....I hope to enjoy more sessions with her...Thank you

**Date :: 20 May 2020**

**By Parents of :: Vanika Wahi**

**Class :: IX B**

**For :: Chemistry Workshop**

The workshop we attended today was very fruitful and informative. We got to know how chemistry plays an important role in our day to day life. For eg- The cells in our body remove sodium and add potassium which is responsible for electrical impulses in our body. I found the workshop very enlightening and I appreciate attending it.

**Date :: 20 May 2020**

**By Parents of :: Gauransh Gupta**

**Class :: X-C**

**For :: Chemistry Workshop**

The Chemistry in Everyday life session by Prof:Tripti Kumari was mind blowing. It was a very educational session. It opened the student's mind to the actual reality behind each and every thing we use or do is on the basis of chemistry. It has encompassed its usage from head to toe.

So I think this was a very interesting and a very valuable session so as I gained a lot from it.

**Date :: 21 May 2020**

**By Parents of :: Nitish Malhotra**

**Class :: X E**

**For :: Chemistry Workshop**

Ma'am it was very enriching and a great experience. We got to know about how Chemistry is related to almost everything we have around us. We also got to know about the compositions of many things around us. We understood my concepts of disease and how they spread in context to viruses. We got to know about what is mutation and many other unknown facts. It's was surely an informative and enlightening experience and changed the way we thought Chemistry and Understood it into a Fun Way of Understanding it.

**Date :: 21 May 2020**

**By Parents of :: Tisya Gupta**

**Class :: X E**

**For :: Chemistry Workshop**

The Chemistry Talk was very informative as well as Interesting. Mam gave us many real life examples where chemistry is used. Most of the things I wasn't even aware of. It was indeed an eye-opener for me as well as knowledgable. From using a phone to brushing your teeth, Chemistry is used everywhere. All in all, the session was so persuasive that even a child detesting Chemistry will start loving this subject. Thanks to my lovely teachers to give me such a wonderful learning opportunity.

For Respected director ma'am,

Many of us in the blended learning world know firsthand that the key to students success is a great school with innovative curriculum, but did you know that the key to a great school is a great principle. In school based factors affecting students you always accomplish this remarkable statement without ever requiring thanks or expecting recognition- often investing a great deal of themselves into their work..

You are a principal in particular an unsung hero even in this pandemic time as a supporter to your kids. Your words of encouragement and advice during this crucial time has helped us the most to be where we are today.

Once again, thank you very much , and i wish you the school continued success.

**Class :: VII-A**

**For :: HHW Relaxation By Respected Ma'am**

Respected Director Ma'am,

The Corona pandemic has restricted everyone's movement and made the outside world dangerous. For the completion of the Summer Holiday Homework, the students had to bring stationery from the market which was highly risky. We were reluctant to go to the market because the chances of catching infection increases. Your quick decision, of allowing students to leave the question which involve stationery from the market is highly commendable and applaud-worthy. We will forever be grateful to you for your decision-making and standing up for students in such desperate times. Thank you Ma'am for always prioritising the health and safety of the students.

Respected Director Ma'am,

Greetings !!

Thank you Mam for allowing us to do our holidays homework at our own pace. It is very considerate of you to be thinking about us in these trying times also.

The holidays homework is very interesting and giving week-wise work is also a very good idea so that there is no burden on us.

We are very lucky to have you as our guide and mentor.

**Date : 8th June**

**By : Parent of Vishesh Pruthi**

**Class - VII**

**For - HHW Relaxation By Respected Ma'am**

To

The Director ma'am

It is praiseworthy for allowing children to exempt that task of the holiday package for non availability of stationery. Today's time, when covid 19 spreading everywhere, in this difficult situation, online learning platform provide by the school is really unremarkable. Expert teachers are taking too much pain for the children. I think that teachers covers all the content of the chapter minutely, she is providing notes, extra question answer and clear all the doubts through videos. They are trying for overall physical and mental development of the children by yoga classes. Weekly Holiday homework is very interesting and students like to complete it in a particular time.

Thanks to all teacher for your cooperation. Student enjoy it a lot, gained more knowledge systematically. Keep it up.

**Date :: 8th June**

**By :: Pavani**

**Class :: VII-A**

Respected Director mam ,

Greetings and wishes for your good health. It is such an overwhelming experience to see the efforts taken by the teachers during this lockdown period. They made sure to take every step to clear the concepts and doubts of the students . Even during summer vacations they make it a point to remain in touch on regular basis with all enthusiasm for the smooth functioning of the home task. I truly believe it's all your guidance and counselling to ensure the smooth functioning of academic calendar in such a difficult time and very thoughtful of you to consider the requirements of the students and the availability of materials at this lockdown period. I really feel grateful for all such considerations beforehand, that you keep in mind all the time. We ,the parents will definitely ensured the home task should be completed on time with all guidelines and materials available with us and seek for a little more time if needed at all to submit the assignments. We are so proud of our school. Thanks

Respected Director ma'am!

I would really like to thank you for taking such an initiative. It was really very difficult for us to arrange stationery items during this pandemic. But you have made it easy for us by extending the time limit and encouraging us to do the work with all our heart. I am grateful for your support.

**For :: Doubt classes**

I, PIYUSH KATARIA of class VIII A wants to thank director mam as director mam is so supportive and helpful for such conditions like covid 19 because director mam helped us at every step. Director mam helped us for doubt class for our understanding because teachers and students cannot meet and interact for studies, everything is now online for studies doubts.

Respected Director mam, Thank you so much for your love, care, kindness and thoughtfulness. You have reduced our burden for which we have to go outside and will take risk. Your efforts to do the given work with available resources means a lot. Also granting the permission to leave the work which is out of reach is amendable. Thank you for everything.

**Class :: IX - C**

**For :: MSS Book club – Reading week**

Readers club initiative taken by MSS teachers and students under the guidance of director ma'am is a praiseworthy effort. The little kids took immense efforts to enact the story and the narrators too did their job well. Students used their time in a constructive way. We thank the MSS staff and students to make this reading week productive. We really enjoyed the online reading club session. We appreciate the teachers and the students for efforts and for taking the lead for starting an online book week.
