

HOLIDAYS HOMEWORK

CLASS 6 (2021-22)

Dear parents and students,

We hope you and your family members are safe and healthy.

One of the biggest challenges for parents under this lock down situation is to keep their kids engaged and feeling upbeat.

With the onset of summer holidays, we have designed the holidays homework to not only keep the children engaged, but motivate them to keep learning, stay happy and focus on their mental well-being.

Kindly follow some instructions: -

1. Holidays homework is designed weekly which is to be submitted online in the form of scanned copy or images on MS teams (Assignments) on the given date (Saturday of every week). Kindly strictly adhere to the submission of the holidays homework as per the date so as to avoid any confusion.
2. IDS International Dimensions in Schools facilitates School's efforts to include International work as part of their curriculum and help embed it within the school's culture. Holidays homework has been designed incorporating the IDS activities.
3. The IDS (International Dimensions in Schools) activity planned for classes sixth and seventh this year will be based on the theme "Yoga and Meditation" and there will be a few Questions related to countries under study - India, USA and Mexico.

Hoping to see you all fit and healthy once we meet again as you are "our biggest treasure".
