Monthly Flash...!

Oct 2025

*"May the lamps of learning and the flames of goodness
guide us towards a brighter tomorrow.
As we light our diyas, let us also light the flame of
wisdom, compassion and integrity within our hearts."*

The month of October was marked by meaningful learning experiences and vibrant celebrations across the school. It began with an interactive group discussion led by the School Counsellor, where students openly shared their thoughts on mental health, self-awareness and the unique challenges faced by Gen Z. The session encouraged empathy, active listening and a deeper understanding of emotional well-being. Students also attended a live screening of Viksit Bharat, gaining valuable insights into India's vision for growth and development, and inspiring them to recognise their role in shaping a progressive and self-reliant nation.

Holistic development was also emphasised through academic activities. The LogiQids Mock Test helped enhance logical reasoning and problem-solving skills, while the Hindi Olympiad strengthened language proficiency, grammar and vocabulary. These initiatives provided enjoyable and constructive platforms for students to assess their abilities.

Adding to the month's vibrancy were the colourful Diwali celebrations. Students enthusiastically participated in Rangoli making and Diya painting, filling the campus with festive energy and beautifully decorated diyas that reflected joy and togetherness. Further enriching the celebration, the Primary NCF and IPC team organised a lively Diwali Mela themed "India Inspires." Held from 15th to 17th October, the event showcased handcrafted student creations celebrating India's artistic heritage, innovation and cultural richness. Parents appreciated the exhibits, while fun games and activity stalls fostered a strong sense of community bonding.

In promoting environmental awareness, an Anti-Cracker Rally was organised, where students carried slogans and placards advocating for an eco-friendly and pollution-free Diwali. A visit to Sir Ganga Ram Hospital for a Palliative Care Awareness Programme further sensitised students to the values of compassion, dignity and empathy in patient care.

The month concluded with a Self-Defence Workshop conducted by the Delhi Police, empowering students with essential safety techniques. Overall, October emerged as a month of celebration, growth and holistic learning.

Fighting hunger starts with small, meaningful actions. Donating extra food, volunteering at food banks, or helping in community kitchens provides immediate relief to those in need. We should raise awareness about food wastage and encourage sharing rather than discarding food. Organizing food drives, growing vegetables at home, and supporting NGOs or government initiatives focused on food security are practical steps toward change. Together, these acts of kindness can make a lasting impact, ensuring that no one in our community goes hungry.
