*“Let the vibrant colours of spring fill your life with joy,
positivity and new beginnings.”*

The arrival of spring at MSS was celebrated with great enthusiasm through a meaningful Green Initiative by the students. They beautifully designed a vibrant Nature Arcade, adorned with creative decorations and an array of potted plants.

Students of NCF and IPC wing enthusiastically participated in a variety of activities as part of their Subject Enrichment programme, enhancing their learning through practical and engaging experiences.

Enhancement and remedial classes were also organised to provide additional support and to strengthen students' understanding of key concepts.

On National Science Day, the students showcased their creativity by preparing innovative posters and projects based on scientific themes.

Additionally, the students attended Pariksha Pe Charcha by the Hon'ble Prime Minister, a session that provided valuable insights on handling examination stress.

As a noble gesture, the students of Primary NCF and IPC even presented books at the Delhi Police DCP office to support community learning and literacy.
